How to get started

If you're not sure of your swimming capabilities and whether you are physically ready to swim Masters, then the best thing to do is to contact our Aquatics Director and set up an assessment. You will be connected with one of the coaches and they will assess your ability. They will give you the best advice as to how to proceed.

If you are more experienced, but not quite sure if this the right fit, then you can try a complimentary workout. Just e-mail the Masters Head Coach when you are coming, so that he can alert the coach on deck that you are trying it out. If it's a good fit, then let the coach know that you want to join, and they will tell you how to proceed from there.

We want to make swimming part of your life. So we hope we have answered all of your questions and dispelled some of the myths that have stopped you from trying our Masters team. If not, please contact us and we will help you with any further questions you may have.

Stay healthy and hope to see you in the pool!
