

# ERIC CHOY

CERTIFIED PERSONAL TRAINER

MY GOAL AS YOUR  
TRAINER IS TO  
HAVE YOU FEELING  
BETTER WHEN YOU  
LEAVE THAN WHEN  
YOU FIRST CAME  
IN.

## Training Philosophy:

Invest in yourself. We dedicate so much time to our careers and everything else in our lives that we often neglect ourselves. Having worked with a variety of populations in different fitness environments ranging from collegiate athletics to working with seniors at a private gym, I've witnessed firsthand the importance of maintaining a healthy and active lifestyle throughout the lifespan. Regardless of if you are an athlete trying to make the starting lineup, the CEO of a start-up trying to go public, or just want to be able to keep up with the grandchildren, you have to take care of yourself first and foremost! My job is to help clients meet, or better yet, exceed their goals in a personalized approach that is appropriate for them. Whether the objective is to lose weight, improve core strength, or develop better functional movement mechanics I will be there to educate and motivate...so you can become the best you!
